

Accell Clean® Heavy Duty Degreaser

Description

Accell Clean® HDD is a water-based degreaser designed to be used in a wide variety of applications for the removal of oil and grease from surfaces. Product can be used on metals, ceramics, porous surfaces, concrete, and grout. Test the compatibility of product with rubber or plastic components before full scale use. Product may damage some paints. Accell Clean® HDD is incompatible with PVC, Polyurethane, or Tygon® for extended periods of time.

Benefits

TECHNICAL

- ✓ Does not depend on solvents or alkalines
- ✓ Water-based, no VOC
- ✓ pH neutral by itself
- ✓ Remains stable and functional in pH 1 to 13
- ✓ Non-flammable
- ✓ Readily biodegradable

OPERATIONAL

- ✓ Safely & efficiently cleans zinc, epoxy coated & stainless steel surfaces
- ✓ Works fast on baked or dried on residual grease and grime
- ✓ Reduces adhesion
- ✓ Prevents caramelization

FINANCIAL

- ✓ Fast working, saves up to 80% in time
- ✓ 20% - 40% cleaner cost reduction
- ✓ No cost for recoating or repainting surfaces

Instructions for Use

Accell Clean® HDD can be used for the cleaning and degreasing kitchen and restaurant equipment and facilities, grease and grime from heavily soiled equipment, ovens, tools, and parts. HDD is particularly effective at cleaning animal and vegetable based oils, synthetic oils, sugar and starch based soils, and particulate matter.

Use 1-8 ounces of Accell Clean® HDD per gallon of water depending on level of soiling. Pre-clean the surface of solids, apply the diluted product until drenched, let the product set on the surface for about 5 minutes, more if soaking racks or filters, and then wipe the surface with a damp cloth or scrubber as necessary. Rinse the surface and let it air dry.

Accell Clean® HDD can be used for the cleaning and degreasing kitchen and restaurant equipment and facilities, grease and grime from heavily soiled equipment, ovens, tools, and parts. HDD is particularly effective at cleaning animal and vegetable based oils, synthetic oils, sugar and starch based soils, and particulate matter.

Accell Clean® HDD concentrate should be handled with protective face/eyewear and gloves. Wash hands thoroughly after handling. Keep container tightly closed until ready for use. Store in cool, well ventilated place that is locked. Dispose of contents/container in accordance with local/regional/national/international regulations. Do not reuse empty container. Accell Clean® HDD has a shelf life of 1 year.

Accell Clean® Heavy Duty Degreaser
